

## WPHS-108 Phenyl Silicone Gum

### 1、BRIEF INTRODUCTION

WPHS-108 is a clear, colorless, odorless and polymethylphenylsiloxane with hydroxy-terminated.

### 2、KEY FEATURES

- High and low temperature resistance
- High flash points
- Low volatility
- Radiation resistance

### 3、APPLICATIONS

- Mainly used in high temperature resistant silicone rubber

### 4、TRANSPORTATION AND SAFETY

- Before transportation, check whether the packaging container is complete and sealed, and ensure that the container does not leak, collapse, fall or damage during transportation. Product safety information does not include specific instructions for the use of the product.
- It is strictly forbidden to mix with oxidants, edible chemicals, etc.
- Transport vehicles and ships must be thoroughly cleaned and disinfected, otherwise no other items shall be transported. When shipping, the installation position should be far away from the bedroom and kitchen, and isolated from the engine room, power supply, fire source and other parts.

### 5、PACKAGING AND STORAGE

- 200 kg iron drum
- Store in a cool, dry place indoors, maintain ventilation, protect from rain and moisture, keep away from direct sunlight, and ensure packaging is intact to prevent impurities. The shelf life of this product is 36 months from the date of production.

## 6、 TYPICAL PROPERTIES

Appearance	Clear, colorless
Odor	None
Viscosity, cSt	100-10000
Refractive Index at 25°C	1.4-1.5
Specific gravity at 25°C, g/cm <sup>3</sup>	0.90-1.05
Volatile at 150°C, 3h,%	≤2

## 7、 INDUSTRIAL USE INSTRUCTIONS

- Keep away from heat, sparks, open flames, and other sources of ignition. To keep the container tightly sealed.
- Restrictions on use: This product has not been tested or stated to be suitable for medical or medicinal use. It cannot be used for human injection, nor can it be used in food.
- The user has the obligation to understand the scope of application and applicable use of the products of Wynca.
- Due to the different testing and production conditions, we cannot guarantee that both parties can get the same test results, and it is recommended that users use the test data under their own testing conditions as a reference for performance.
- Please make sure that the files you get are up to date.

## 8、 LIMITED WARRANTY INFORMATION

- Wynca expressly states that any of the above performance data and applicability suggestions are only references for the use of our products and do not guarantee the effectiveness or universality in specific applications.
- This document cannot replace the relevant testing conducted by customers to ensure the safety, effectiveness, and satisfaction of specific final uses of Wynca products. The usage recommendations we provide should not be considered as a cause for infringement of any patent rights.
- Our liability for the products provided is limited only to the part delivered and used by you, and we do not assume any indirect losses caused during the production process using our products as raw materials.
